Appointment Types and Times:

1. New patient: 1 Hour - If a patient has NOT been seen at our Chiropractic Clinic they will need to schedule a “New PT” appt type. (After not being seen for over 3 years, a patient will default back to a “New PT”
2. Recheck short: 15 Minutes
3. Recheck long: 30 Minutes - Most follow up appointments are typically “recheck short”. This specific appointment is if a patient hasn't been seen for roughly 3 months or more. *

Larimore Scheduling: - New Patient: This still needs to be 1 hour long. Refer to asking Dr. Anderson when would be a good time to schedule this, as it would mean he would have to come early to complete the appointment. Ask before scheduling.

Insurance restrictions: Medicare A&B patients & TRICARE patients need to sign a “Patient Request for Non-Covered Services” form at each visit. These forms are found in a purple folder at the front desk. Send the form back with them to Dr. Anderson, who will finish filling it out. After that, he will bring it up and place in a folder for billing.

**Each New Patient visit requires a PHQ at the time of check in. This will go back with them to see the provider.
